## 7.Moonbow AP-A8400UIN Portable Room Air Purifier

This portable air purifier for small office/bedroom from Moonbow comes with 5-stage air filtration technology that cleans up to 99.985% of pollutants present in the air.

The different filters include prefilter, HEPA, activated carbon, UV and Ionizer. The purifier can cover up to an area of 400 sq.ft and consumes 55w of energy.

There is also the filter change indicator, timer control and auto shut off feature.

It weighs just 4.2 kg and comes with an year of warranty.

### Pros:

- 5-stage air purification system
- True HEPA, carbon, UV and Ionizer
- CADR: 210 m3/h
- 3 fan speed settings
- Ideal for small to medium sized offices and bedrooms
- Filter replacement indicator
- Less noise
- Low power consumption

### Cons:

- If you're living in a remote location (villages), then the after sales support is not that good. The product is good but you'll need to make frequent attempts to the sales team if in case any problem appears.
