Drink pure

Moonbow from the house of Hindware has launched Evinos UV and Evinos Plus UV water purifiers. They are equipped with a single body stainless steel UV steriliser making it efficient and ensuring zero leakage of UV rays. It protects from unhealthy leaching of heavy metals like aluminium and lead in water. Priced at Rs 11,990 and Rs 12,990 respectively, Evinos UV and Evinos Plus UV are online water purifiers with a purification rate of two liters per minute. They have a three stage chemical free water purification system which retains natural minerals and the taste of water. The water purifiers come equipped with a consumer friendly touch screen interface with indicators for filter replacement, failure alert, purification, dispense ready and main faucet on/off.
