Liquid Alchemy

Moonbow water purifiers, from HSIL, come with an ultrafine sediment filter, which removes most of the dust, dirt, mud and sand from water. While adsorbent pre carbon filter reduces excess chlorine and organic impurities. Further, superior RO (Reverse Osmosis) will remove hazardous chemicals and heavy metals.

PRICE ₹12,990 to ₹26,990

Clean & Clear

Prestige Clean Home, a division of TTK Prestige, has launched an Ozoniser. Working on Ozone Purification Technology, it removes bacteria, fungi, residual pesticides and insecticides from fruits and vegetables. Nutritional value is retained and it can also be used for purifying lentils, meat and seafood. You can set a timer for 10 to 30 minutes depending on the amount of cleaning needed.
